RE: RECORDS REQUEST

Dear County Auditor:

Pursuant to the Minnesota Data Practices Act, Minn. Stat. §13.03, I request access to and copies of all documentation related to the following:

- Voter registration verification post cards returned as “undeliverable” by the United States Postal Service from November 5, 2002 until present;
- Voters registered through “vouching” on November 4, 2008;
- Voters that were “challenged” at the polls on November 4, 2008;
- Voters with records flagged for challenge by the Secretary of State’s office or other election officials;
- Voters who registered on November 4, 2008 that had “status check” flags on their driver’s license;
- Voters who were removed from the voter registration rolls from November 5th, 2002 to present;
- Voter registration cards that lack sufficient information to be entered in the computerized voter list.

Since this information is for the benefit of the general public and will help citizens understand how their government works, I expect all fees to be waived for providing this information.

Should law or statute preclude any portion of these requests, consider each requested item severable and comply with my request for all remaining items. If my request is denied in whole or part, I ask that you justify all refusals by reference to specific exemptions of the Minnesota Data Practices Act or other applicable statute.

Thank you for your assistance.

Sincerely,
